

# AM10

## Tilt - Swivel Bookshelf Speaker Wall Mount

### Features:

- Fits most Bookshelf style speakers
- Designed for speakers with flat, wood back. Attaches with wood screws
- Max Weight Load: 20 lbs
- Tilt Angle:  $\pm 18^\circ$
- Swivel:  $\pm 90^\circ$
- Material: Reinforced Polymer
- Mounts 2 Speakers
- Color: Black

The AM-10 Universal speaker mount is designed for bookshelf style speakers that do not provide pre-installed mounting points. Mounting arms provide a solid attachment point allowing the mount to be attached to flat back speakers using included wood screws. Curved design provides clearance for terminal connections, speaker wires or air ports. The AM-10 can support speakers up to 20 lbs, provides a up/down tilt range of 18° and a left/right swivel of 90°. Constructed of a high strength fiberglass reinforced polymer material, the AM-10 is well suited for indoor/outdoor locations and will not flex or bend. Dual wall posts provide a easy installation, allowing the bracket to be attached to the speaker before mounting it on the wall. Once on the wall, the posts provide solid support and easy swivel adjustment without the need for tools, make final speaker placement fast and simple. Sold as a pair to mount 2 speakers and available in a low gloss black color.
